~ All entrants must read these conditions of entry ~

I understand that cycling on public roads is a potentially hazardous activity. I attest that I am physically fit and that my bike is in sound mechanical order prior to undertaking the event. During this event I agree to wear a cycling helmet, abide by the road rules, obey the directions of Police Officers and route marshals and ride with care and consideration of others on the road. In consideration of the Children's Leukaemia and Cancer Research Foundation, permitting me to enter into and participate in the Bike Trek, event on Sunday 13th October 2019 until Saturday 19th October 2019 and as a condition of such entry, I release its servants and agents from all claims for injury, loss or damage of whatever kind I might suffer as a result of any acts or omissions whether negligent or otherwise, its servants or agents in relation of the event. **I hereby accept the above conditions.**

DUTY OF CARE STATEMENT

FOR 2018 CHILDRENS LEUKAEMIA AND CANCER RESEARCH SOUTH WEST BIKE TREK

Organisation Details/Description

The organising group will submit full details of the bike route to the Police and Main Roads Department, 1 week prior to departure.

A leading and two Trailing Escort vehicles, will accompany the cycle riders at all times. The leading and two Trailing Escort vehicles will have a flashing amber light attached to warn other road users as they approach. The last Trailing Escort vehicle will travel about (500) metres behind the second vehicle to provide adequate warning to drivers of vehicles approaching from behind.

“Bike Ride Captain” for the duration of the ride. TO BE APPOINTED

Prior to departure on each day, a full safety check of each bicycle will be conducted, establishing the road worthiness of the bicycle for the days ride. In conjunction with the safety checks, a group safety discussion will be held, covering any known obstacles/safety hazards for the day/bad section of road etc. prior to departure.

A specified safe distance between vehicles and riders to be observed at all times. (To be established at the daily pre-departure safety meeting).

Safety gear and high visibility clothing to be worn by riders.

Two-way radios will be available for communication between the riders and support team.

For the safety and benefit of all participants riders are expected to be able to maintain a speed of at least 20 kilometers per hour for a reasonable period. Each segment of the Trek is 25 to 30km. Each day is approximately an 80 km ride.

There will be a First Aid Certificate holder in the support team. All riding will be conducted during daylight hours only. Adequate drinks to be provided for riders at all times.

The bike-route has been checked for traffic flow and density, a safe route has been chosen in preference to road condition, as bicycles are slow moving vehicles.

This Trek is a Charity ride, not a race in any shape or form, and will therefore be conducted at a leisurely pace. The group will work together to ensure each other's wellbeing.
